"RUNS WIN GAMES"

BLUES BAT DAUB TO A FARE-YE-WELL, BUT COULDN'T BUNCH.

Both Clubs Arrested and Released on Bail-Blues Play Brilliantly in the Field-Three Double Plays-Other Games.

BUFFALO, N. Y., June 11 .- (Special.) The Blues batted Daub for twelve singles and then got the hot end of the game Not only that, but after two men were out in the last half of the ninth inning. the whole outfit were arrested and taken before the police sergeant and released on bail. They will all appear in court to-morrow morning and be discharged, as was the case last week. But as the jugging process is a part of the Sunday games in Buffalo, there is little apprehension that the boys will have to undergo the humillation of being in durance.

As stated, the Blues got an even dozen hits, but they were so scattered that they failed to be of value, while the Buffalos hit the ball at the right time and piled up hit the ball at the right time and piled up the necessary to win the game. It was a complete refutation of the old axiom "Hits win games." The Blues played a fast fielding game, in fact, the manner in which the ball was handled was a revelation to the 4,000 spectators that watched the game; and the visitors were the recipients of a generous amount of applause. There were four double plays during the game, and the Blues corralled three of 'em. The plays were all of the flash variety, the one credited to Miller and Ganzel being the most brilliant of the three.

Hulen scored for the Blues in the first. He hit for a base and finished the circuit on Gettman's sacrifice and Ganzel's single. Gettman hit for a single in the fifth, moved up a bag as Ganzel and Rothfuss pounded the ball, and crossed the plate on Eustace's error. That was all the Blues were able to get, their other hits being scattered too much to be valuable.

The Buffalos got two in the fourth, one in the fifth and two in the eighth. The Buffalos got two in the fourth, one in the fifth and two in the eighth.

the Rond - Other

The Swofford Bros.' and Burnham, Hanna & Munger teams met Saturday afternoon, and the longest name proved to be the shortest horse, and when darkness had obscured the face of mother earth and phosphorus had given out, it was found that the Swoffords had the game by 23 to 12.

This ties the Swoffords for first place, with an excellent chance of winning the pennant of the Commercial League. Two Grades of Dry Goods.

Train Robbers Vs. Athletics. The Leeds Train Robbers and the Kansas City Athletic Club team had an argument yesterday, in which the Athletics came off second best. There were no flies on the fielding of the Athletics, but, great Scott: they couldn't hit. The Train Robbers took ten runs and then departed, but in the hurry to avoid the sheriff and his posse they left two runs behind, which the Athletics picked up and pressed to their heacts. Thank groodness we were not whitewashed." said the captain, and the other partisans cried, "Me too."

FITZ DENIES LETTER. Offers \$2,500 for Proof That He Wrote the Letter to Shilly.

NEW YORK, June 11 .- Bob Fitzsimmons, ex-champion heavyweight pugilist, in company with his wife and his manager, Martin Julian, attended a ball game at West End Field Club, Jersey City, this after-noon. Fitzsimmons acted as one of the two umpires and after the game he and Julian noon. Fitzsimmons acted as one of the two
umpires and after the game he and Julian
found time to deny the assertions made by
Leonard Shilly, who is credited with being
an attache of the sheriff's office in Cincinnati. Shilly claims to be a personal friend
of Fitzsimmons, but Bob says he does not
know such a man and Julian is equally
positive that he never met such a person.
The letter in itself purports that Fitzsimmons feared defeat and advised his friend
not to risk any money in the belief that
he would retain the championship.
"I never wrote such a letter," said Fitzsimmons. "I don't know Shilly. Who is he,
anyhow? You say he is connected with the
sheriff's office at Cincinnati. Well, if he is
I know nothing about the sheriff or him.
I never wrote such a letter. I'm not a letter writer. This letter in question is dated
New York, May 31. Since I went into training some weeks ago, I only wrote one letter, and that was to Dr. Kelly, a dentist
of Peoria, Ill., but I made no mention of
my chances of victory or defeat in it.
"'I'll tell you what I'll do," continued
Fitzsimmons. "in order to show the public
that I never wrote such a letter to Leonard
Shilly or any other person, I'll give \$2,500
to the person who produces such a document and furthermore, if anyone believes
that he has such a letter I will pay his expenses from wherever he resides to this
city and make him a present of \$250 providing that such a communication can be
produced. Of course the letter may be a
forgery if such a letter exists, but I want
to be satisfied as to its existence and I
ilso want the public to be satisfied that I
never wrote it, nor had it written for me.
"I am st a loss to understand why any
person could make such a statement because I see no reason why any one should

try to injure me in this underhand man

try to injure me in this underhand manner."

Martin Julian, Fitzsimmons' manager, was equally emphatic in his denunciation of the report and said:

"Fitzsimmons and I are close friends, and I know that he never wrote such a letter. It is a lie on the face of it. Fitzsimmons is not making any idle boast when he says that he will give \$2.500 for the production of the letter if it can be proved to be authentic. This we can easily afford to do, seeing that we know if such a letter exists it must be a forgery. Now let these people come to time and if there is a negro in the woodpile we will soon dig him out. If the letter can be placed in evidence, we will gladly pay \$250 to the person presenting it, as well as all other expenses, in addition to \$2,500 promised by Fitzsimmons." Mrs. Fitzsimmons, who was present, said

that she was positive that her husband had never written such a letter. "Bob was more than confident of success "Bob was more than confident of success and all those who saw the fight must certainly agree with me in saying that he did his utmost to retain the champlonship. He had no doubts as to his ability to defeat Jeffries, and although he was beaten I am not quite satisfied that he cannot reverse the order of things."

Several rumors are in circulation that Jeffries has offered to spar with Fitzsimmons at a benefit for the latter, but Manager Julian said to-night that Jeffries and his manager, instead of giving a benefit, the proceeds of which would go to Fitzsimmons, had made a proviso that they should receive 50 per cent of the receipts. When this proposition was made to Fitzsimmons, he and his manager declined to have anything to do with it and stated that when Fitzsimmons gave a benefit for Jack Dempsey after he had defeated him. Dempsey received all the coin. Neither Fitzsimmons from the new champion or his managers, and if they wish to give the exchampion a benefit he must have all.

Sharkey "Jams the Wind."

Sharkey "Jams the Wind."

PASO ROBLES, CAL., June 11.—In the course of an interview with an Associated Press representative to-day regarding the Jeffries challenge, Tom Sharkey expressed gratification at the prospect of an early light with the champion.

"I will meet him anywhere." said Sharkey. "I am ready to post my forfeit at any time and will be prepared to enter the ring within six weeks.

"I have one stipulation to make, however, and that is regarding the size of the ring. I will meet Jeffries under Marquis of Queensberry rules, and those rules call for a twenty-four foot ring. I want no eighteen foot ring in mine. No championship fight is ever properly held in an eighteen foot ring. The whole purse to the winner suits me. I never felt better nor keener for a light and when Jeffries is ready I am and my forfeit is ready to back my statement."

JOHNSON VS. FISHER. The Two Professional Cracks Will

odrome.

John Manasa City has its velotrome, where some of the most exciting sport witnessed in this part of the country was given its patrons on Thursday and Saturday nights. The last races of the poening mere and two miles and he match race between John T. Joh

by crack tandem teams, which will insure

Games.

The Bradburys and Schmelzers met yesterday at Exposition park, and when the clouds had rolled by the score board in the east end of the park showed that the Bradburys had taken their antagonists down the pike to the tune of 14 to 5. The feature of the game was the general work of the Brads. The Schmelzers also put up a strong game, and had it clickhed until the eight inning, when the Brads got onto Straup and hatted out eight runs; of course, the Schmelzers made numerous errors. The score:

Schmelzers made numerous errors. The score:

Both will be paced by crack tandem teams, which will insure fast time.

Ell Winsett, the champlon of the Pacific coast, is another of the fast riders who is entered in the professional races, and John the lead. The races to-night will be of the lead. The races to-night will insure fast time.

Schmelzers also put up a strong game and the professional riders have split and there are two signal riders have split and there are two fast time.

But the professional and there are two fast times.

Paints and Drugs.

Paints and Drugs.

The Campbell and Sewall & Hughes paint concerns employees and the Paxon, Horton & Gallagher team for the races will be for blood. The track was viewed by thousands yes. It may be well to state that, according to Johnson, Fisher. Winsett, Lawson and other professionals who have ridden on all the tracks of the country the Kansas City track is the fastest.

EVANS' BENEFIT. Clever Athletic Exhibition Given for the Benefit of the Veteran

The benefit tendered Professor James Evans last Saturday night at the City garden,

on Grand avenue, proved to be one of the

July 5. NEW HAVEN, CONN., June 11.—Captain Fisher, of the Yale track team, to-night authorized the following statement:

"We have received word from England that our acceptance of the English universities' challenge has been received and all negotiations have been completed. The American team, composed of Yale and Harrard athletes, will sail from New York, July 5. The date fixed for the meet is July 22. The question of the rules to govern the "We have received word from England that our acceptance of the English universities' challenge has been received and all negotiations have been completed. The American team, composed of Yale and Harvard athletes, will sail from New York, July 5. The date fixed for the meet is July 22. The question of the rules to govern the eligibility of athletes has been solved, and the American athletes will be governed by the rules of eligibility that hold good for the dual games between Yale and Harvard. The English rules. Trainer Sopeland will accompany the Yale team and Harvard will also bring a trainer. The American team has not yet been selected and will not be until after another conference of the Yale and Harvard management.

Gravesend Races.

NEW fORK, June 11.—Following are the entries for Monday:
First race—5 furlongs. Colonel Roosevelt, Ross Clark, Daily Report, Prestige, Battle Royal, Last Chord, Chenango, Dumblane, Sanitary, Mischlevous, Stuart, Mahaland, Mr. Jersey, 112.
Second race—Selling; 6 furlongs. Momentu, 111; Primate, 109; Hanwell, 108; Manarine, Harry Rex, 106; Larva, Decide, 106; Varus, 109; Oramental, 25; Lady Exile, Sister, Fox, 30.
Third race—Falcon stakes; selling; 13-16 miles Greatland, 106; Roysterer, 101; Fly by Night, 56; Alpen, Diminutive, 30.
Pourth race—6 furlongs. Handball, Cesarion, 122; Tinge, Bon Ino, Blarneystone, 108; Athy, Fennetta, Inspection, 161; Sennational, 100; Tyran, 57.
Fifth race—5½ furlongs. Sadduccee, 119; Practo-NEW YORK, June 11.-Following are the entries

rian, Prestidigitator, 115. Beile of Orleans, 112; La-Fondre, Battle Royal, Withers, 110. Sixth race Greater New York steeplechase handi-cap; about 2 miles. Olindo, Challenger, 167; Di-version, 162; Governor Budd, 189; Westown, 155; Dec-apod, 182; King T., 150; White Garters, 142.

Launching of Columbia.

America's new cup defender, the representation of the best boat building skill and materials of which the Western continent can boast, was carefully lowered into the water at the Herreschoff works, Bristol, R. L. at \$130 Saturday night and as she started down Mrs. Oliver C. Iselin christened her "Columbia."

Perth Wins Grand Prix.

PARIS. June 11.—The Grand Prix de Paris was won to-day by Perth, with Ve lasquez second and Alhambra third. Fifteen ran. The betting was 6 to 4 against Perth, 7 to 1 against Velasquez and 4 to 1 against Alhambra.

Puffs From the Pipe.

The Bradburys go to Carrollton to-more night for two games with the team The game between Chicago and St. Louis yesterday was a succession of accidents. Wolverton is in a hospital.

Albion college won the championship in doubles in the Western intercollegiate ten-nis tournament Saturday at Chicago. It looks as if the Blues had on their bat-ting clothes yesterday—but their lamps were not trimmed at opportune times. Jimmy Manning took a mascot with him on his first Eastern trip. He had better take something more potent the next time.

Minneapolis dropped to third place from the top and Columbus took a tumble from third to sixth—and just think, one game did it.

What is the matter with the great Con mercials? When the team was first or-ganized, it paraded with brass bands and fireworks. Second Baseman Rothermell, of the Rock Island clum, has been sold to Bal-timore for \$500, providing upon trial he proves satisfactory.

The tournament of the Central Scheutzen-bund, of North America, to be held June 22-25 at Dubuque, promises to be one of the great sporting events of the year. great sporting events of the year.

The Auditoriums have reorganized with the following players: Campbell. Adams. Hamblin, Fowler, Andrews, Hamilton, Dimmitt, Martin, Hutchinson and Packer. Chicago and St. Louis changed playes yesterday. The Windy City club jumped from sixth to third and the Perfectos from third to sixth. It is unnecessary to state that Cleveland still holds last place—so do the Blues.

LAND OF THE NILE.

Dr. L. M. Henry, a Medical Missionary in Egypt, Delivers an Interesting Address.

An interesting address on Egypt was An interesting address on Egypt was delivered at the First United Presbyterian church, Sixteenth and Holmes, last evening by Dr. L. W. Henry, an Egyptian medical missionary. Dr. Henry, whose home was formerly in Indiana, has been in Egypt for eight years as a missionary in the interests of the American missions conducted by the United Presbyterians, who have charge of the missionary and medical work in Egypt. The doctor belongs to the medical branch of the missions and has charge of the hospital at Asyute, some 400 miles inland from the coast.

City Assessor C. C. Yost—"The passage of the last election bill is ample proof that the Democrats are anxious to tamper with the honesty of elections. It has been shown that the Democrats and Republicans have each won under the existing law, and that fact should in itself be convincing proof that the present law is satisfactory and that honest elections can be conducted under its provisions. Now, the Democrats come forward and make a desperate but successful effort to change a law that they must admit is fair and satisfactory to the majority of voters. Such conduct should be watched with keen eyes, for disaster is sure to follow."

William Houston, clerk of the board of health—'Some people have queer ideas of the duties failing to the lot of a clerk of a health department. They are under the impression he is an expert on smells, like a tea taster or a wine taster, who sometimes judges of the merit of such things by their odor. To illustrate, a man came in yesterday and complained of some garbage on a lot near his house that had a bad odor. He insisted I should come out and smell it, so he could use me as an expert witness when the offender was arrested and arraigned in police court. I only got out of it by declaring I had the catarrh and couldn't smell a rendering tank a yard away." William Houston, clerk of the board of

on Grand avenue, proved to be one of the cleverest athletic exhibitions given in Kansas City for a long time. The crowd was fair, but had the hall been packed it would not have been more than the programme deserved.

Emmett Mellody, in an exhibition of bag punching, excelled himself and showed conclusively that he approaches a past master of the art. James Evans, Jr., and Professor Evans' star lady pupil also gave exhibitions of punching the bag.

The two Evans midgets boxed three rounds to the intense amusement of the audience. Bowen and Mellville and the Lanager brothers gave three round bouts which approached contests in which brawn strove for supremacy, and then Morris in Request Morgan city electrical increases.

Lanager brothers gave three round bouts which approached contests in which brawn strove for supremacy, and then Morris Jacobs, the boy Sandow, gave an exhibition of muscular development that stamped him as one of the best developed young men of the age. He also gave an exhibition of boxing with Daisy Vaughn, the champlon lady boxer, in which the young Hercules was made to defend himself to the best of his ability.

The performance concluded with a three round go between Billy Bowen, the amateur champlon, and John Tibbets. It proved to be a fitting windup to an exceedingly clever programme.

RULES QUESTION SOLVED.

Yale and Harvard Teams to Sail for Merric England on July 5.

John Moffett—'The average Kansan is

John Moffett-"The average Kansan i washed away. It was commonly attributed to the unbroken condition of the prairie, which shed the water readily. It was predicted that the loosening of the soil with the plow would hold the moisture and finally put an end to the long summer droughts. On this theory thousands staked everything and lost in the western couneverything and lost in the western counties. Floods like in the early days have not been known until this year, and the question arisen in my mind are they due to heavier rainfall, or is it due to the depopulated in the west and to the decreased agricultural area?"

AMONG THE RAILROADS

INTERSTATE COMMERCE COMMIS SION TO RESUME INVESTIGATION.

Relation of Export and Domestic Rates Will Be the Theme-Milwankeenns to Testify-Railroads Threaten.

The interstate commerce commission will resume its investigation involving the reation of export and domestic rates on grain and its products to-morrow in Chi-cago and on Thursday will hold a session in St. Louis. The hearing will also in volve the publication of tariffs on the commodities under consideration. It is proposed to secure evidence showing

all important changes which have taken place in the rates to the Atlantic and Gulf of Mexico ports and the reason for such changes. It is said the railroads will offer the recent understanding allow-ing the Gulf lines a differential of 4½ cents as a solution of the problem regarding the relation of rates on grain and grain products to the various ports. While it is not thought that it will have the effect of thought that it will have the effect of stopping the investigation, it will not serve as an explanation of the differences in the relation of the rates on export and domestic shipments of grain and its product. The railroads are directed to have witnesses in attendance who are best qualified to testify with knowledge concerning this traffic and its history, and the rates and methods of rate making which have prevailed at different periods, interested millers and grain dealers are also invited to take part in the investigation. It is conceded by railroad men generally that the commission has taken a big question to solve and its result will be awaited with a great deal of interest.

CHICAGO, ILL., June 11.-In response to a special invitation from the interstate commerce commission, which meets here to-morrow, a delegation of members of the commerce commission, which meets here to-morrow, a delegation of members of the Milwaukee chamber of commerce will give testimony before the committee in discriminations in freight rates against Milwaukee in the wheat tariff to foreign ports. The delegation will comprise George A. Schroeder, manager of the chamber of commerce freight bureau; C. B. Stern, F. L. Roehrich and C. F. Rook, millers.

The Milwaukeeans will insist that they have been discriminated against in not having the privilege of an export rate on grain products in a proper proportion with rates applying to Minneapolis. Another complaint is one of the Central Millers Association, which represents the millers of Wisconsin, Michigan, Illinois, Indiana and Tennessee, and is that the railroads are hauling wheat for export from original points of shipment to ocean ports at much lower proportionates than are charge on wheat received by millers in the territory represented by the association.

The railroads assert that the controversy in question having originated from grain rates made by Atlantic ocean lines, the interstate commerce commission has no authority to regulate the matter. They threaten that if the commission rules against them they will carry the matter into the United States courts for adjustment.

Southwestern Changes.

The following changes in interstate Texas rates have been promulgated, effective upon dates named, based upon advices received from interested lines:

Effective June 15, one-fourth of class E rate will apply on empty beer kegs returned from points in Indian and Oklahoma Territories to Fort Worth. Tex ories to Fort Worth, Tex. Effective June 13, a rate of 25 cents per

Effective June 13, a rate of 25 cents per 100 pounds will apply on cement, car loads, minimum weight, 24,000 pounds, from White Cliffs, Ark., to points on the Houston, East & West Texas railway, including Galveston, Tex.

Effective June 16, the exceptions to the Western classification will be amended to provide for one-half first-class rates on old books, returned from Texas points.

Effective June 24, the exceptions to the Western classification will be amended to provide for minimum weight of 20,500 pounds on beer in wood, straight car loads,

radish (not prepared), melons, onions, onion sets, oyster plant, parsley, parsnips, pump kins, radishes, rhubarb, tomatoes, turnips

green beans and green peas, straight o nixed car loads. Effective June 24, a rate of 41 cents per 100 Effective June 24, a rate of 41 cents per 100 pounds will apply upon brown cotton bagging, any quantity, from Texas producing points to Kansas City, Mo., this being the current rate to St. Louis, Mo.; in addition to which such rate of 41 cents per 100 pounds will apply, as minimum, on brown cotton bagging and cotton piece goods, any quantity from Texas producing points to quantity from Texas producing points to points in Kansas and Missouri, to which lower rates are now effective.

Anent J. A. Edson.

Anent J. A. Edson.

The news of the appointment of J. A. I alson to the position of general manager of the Pittsburg & Gult rathroad seems to have created more talk than an election of a president of the United States. It was evident to railroad men that it was only a matter of time when the receivers would be compelled to have a man that was thoroughly versed in the operation of a railroad and that Mr. Edson should have been selected is hardly sunicient to have caused very much comment. Personally, Mr. Edson is a man whose abilities cause comment, but he is not known in Kansas City, except by the older railroad men of the Missouri Pacific. He is regarded by those who know him as a railroad genius and a man with an extraordinary capacity for keeping track of minute details. An official of the Cotton Belt was in the city yesterday, and in discussing Mr. Edson is aid:

"Mr. Edson is conceded to be among the

said:
"Mr. Edson is conceded to be among the Air. Edson is conceded to be among the brilliant stars in the railway firmament to-day. Modest and unassuming in his manner, quiet and unobtrusive in his methods. ner, quiet and unobtrusive in his methods, those not conversant with his powers might think him of too retiring a disposition. But he is a man of dauntless will and indefatigable energy. The workings of each department over which he may have general surveillance become part of himself by a process of unconscious absorption. His powers of memory are prodigious and there are three things which he never forgets-names, dates and figures. He experiences the same pleasure in grappling with knotty problems as a physical giant does in displaying his great strength. His appointment is hailed with pleasure by all who know his as the right man in the who know his as the right man in the right place."

May Abolish Texas Agencies. May Abolish Texas Agencies.

DALLAS, TEX., June II.—(Special.) D.
E. Williams, recently appointed general
commercial agent for the Southern railway
at Dallas, and who was about to move into
his office, left very suddenly yesterday for
headquarters at Washington, in response
to a telegram advising him to report there
at once for instructions. In railroad circles
this is understood to mean a permanent at one for instructions. In railroad circles this is understood to mean a permanent withdrawal of the Southern agency from Dallas, and that it may prove the entering wedge of a general withdrawal of all agencies in Texas representing outside rail-

The Journal made reference a few days ago to the effort on the part of the Southwestern Freight bureau to have all outside agencies in Texas withdrawn on or before June 20. It is alleged by the bureau before June 20. It is alleged by the bureau that the constant solicitation of Texas business has a tendency to demoralize the rate situation and affect the local revenue. The laws of the state are very stringent, and if there is a suspicion of an interstate rate being lowered, the commissioners immediately lower the local rates within the state to correspond. It is claimed by the bureau that the outside roads will get just as much business and will leave it in a better position to handle the rate situation by complying with its wish.

Chicago Terminal Change. CHICAGO, June 11.—(Special.) The nine local railroad companies which are de-fendants in the legal proceedings recently begun in the United States circuit court

begun in the United States circuit court by the interstate commerce commission in the matter regarding the 2 terminal charges at the Union stock yards filed their answers yesterday. All make practically the same admissions and denials. They deny the 2 terminal fee is unreasonable and that it is an unjust discrimination against Chicago. Few of the roads have their own tracks running into the stock yards, and they explain that the charge is made because they are taxed rates averagmade because they are taxed rates averag-ing \$1 for the transportation of each car of live stock from the terminal of the sev-eral roads into the stock vards. The tax has been in force since 1894. Judge Kohl-

saat recently overruled the demurrers of the defendant railroad companies. The matter will come to trial in a short time.

Those Oklahoma Rates,

There is a premium offered for the railroad official that will solve the question of permanent rates to Oklahoma and Indian Territory. The railroads have been running between the stove and the woodpile for the past month and the rate cierks are afraid to quote rates except for immediate use—and they have to be used quick. The application of the Texas common point rate as the maximum to intermediate points in Kansas, Oklahoma and Indian Territories was abolished and then restored and then the Missouri, Kansas & Texas gave notice that, effective June 12, it would abolish the application and on Saturday the following notice was received from Chairman Campbell, of the Southwestern freight bureau at St. Louis:
"Notice has been received from the Missouri, Kansas & Texas that, effective June 12, Texas common point rates will apply as, maxima to stations on the Missouri, Kansas & Texas in Kansas, Indian and Oklahoma Territories."

Morgan-Mallory Rates.

Morgan-Mallory Rates.

GALVESTON, TEX., June 11.—The scrap over the rates of the Morgan and Mallory lines to Missouri river territory is being watched here with a great deal of interest. The consensus of opinion that there should be no general disturbance of rates with the trunk lines because the business which they can secure under these rates for their comparatively long route will not be great. Still, serious rate wars have come about for less reason, and although but two of the "short horse" Atlantic port lines have retaliated thus far, it is believed that if the present condition continues long some of the stronger lines will join in the fight, and that the result may be quite serious. One thing seems quite certain, and that is, that the two steamship lines have well considered the move made and that they are prepared for any emergency that may arise. Improving Roadbed.

TRENTON, MO., June II.—(Special.) The Quincy, Omaha & Kansas City railway has a force of 200 men along its new line between this city and Dunlap and is raising the roadbed and otherwise improving the property.

Switch Shanty Secrets. The Canadian Pacific Railway Company's earnings for the week ending June 7 showed an increase of \$42,000 over last rear. The Baltimore & Ohlo Southwestern has

reduced the rates on sewer pipe and brick to a basis of 15½ cents per 100 pounds from Chicago to New York. The former basis was 22½ cents on brick and 25 cents on sewer pipe. The minimum carload has been increased from 30,000 to 40,000. been increased from 30,000 to 40,000.

"We have twenty-five miles of road in operation," said F. W. Valifant, chief engineer of the Arkansas & Choetaw Railroad Company a few days ago, "beginning at Rocky Comfort, Ark., and running west, reaching into the Indian Territory one and a half miles to a point called Arkinda. We are now surveying a road from that point through the southern part of the Choctaw and Chickasaw nations. We have reached Boggy river and in a short time will come through Durant and on west into the Chickasaw nation, just south of Ardmore. We expect to develop the coal mines just east of Durant and the road is certain to come."

east of Durant and the road is certain to come."

The ultimate construction of the Houston, Brazos & Northern railway to Fort Worth is almost an assured fact. The project has lately taken tangible shape and the president of the road, Elijah Smith, of New York, ex-land commissioner of Texas, is now in New York on business pertaining to the construction of the road. It is stated that the financial end of the scheme has been arranged and that the company's charter will be filed with the secretary of state of Texas about the 15th of the present month, and immediately thereafter the company will be organized. The charter will authorize the construction of the road from Houston along the Brazos river valley to Marlin, in Falls county; thence through Limestone county to Fort Worth. Fred Grant was the original promoter of the road in 1877. About lifty miles of the line was built from Houston to Sealy, but beyond this point the road was never constructed.

Mrs. Winslow's SOOTHING SYRIP to the state of the road was never constructed.

Mrs. Winslow's SOOTHING SYRUP for chil dren teething softens the gums, reduces inflamma tion, allays pains, exces wind colle: 25c bottle.

Effective June 16, the exceptions to the Western classification will be amended to provide for minimum weight of 20,000 pounds on beer in wood, straight car loads, and of 24,000 pounds on beer in glass, straight car loads, or in wood and glass mixed, car loads.

Effective June 16, the exceptions to the Western classification will be amended to provide for minimum weight of 20,000 pounds on shipments of vegetables, described as follows: Beets, cabbage, carrots, cauliflower, celery, cucumbers, egg plant, green corn, green peppers, horseradish (not prepared), melons, onions, onion

Annual Meeting, Imperial Council Mystic Shrine.

On June H and 15th the Imperial Council, Ancient Arabic Order Nobles of the Mystic Shrine hold their annual meeting at Buffalo, N. Y. For this occasion the Chicago Great Western Ry. will sell round trip tickets to Buffalo at very low rates. Tickets on sale June 11, 12 and 13th, limited for return by extension until July 2nd, Any agent "Maple Leaf Route" will give you full information as to rates, routes, time, etc., or address F. H. Lord, General Passenger and Ticket Agent, 113 Adams st., Chicago.

Passengers going East and wishing to avoid the incline to the Union depot can take the Santa Fe Route trains at Twenty-second and Grand avenue station. Best dining cars in the world; lighted by electricity.

Santa Fe Route ticket offices, northeast corner Tenth and Main sts., 1944 Union ave., Union depot and Grand avenue station.

INDEPENDENCE.

Rev. Mr. George H. Fillan, an Exiled Armenian, Delivers an Address on His Country.

on His Country.

Rev. Mr. G. H. Filian, an exile from Armenia, conducted the service held at the First Presbyterian church yesterday morning. To-night Dr. Filian will lecture at the same place. There will be no charge for admission and the lecture will be illustrated with stereopticon views. Dr. Filian is an Armenian, but is an exile from his native land by special order of the sulton, who suspected him of trying to overthrow the Turkish government in Armenia. Dr. Filian has little faith in the present peace conference at The Hague, and has no confidence in the representations of the czar. The fear of Anglo-Saxon encroachments, the doctor maintains, is at the bottom of the disarmament scheme.

He expects to see his native land wrested from Turkish control by the Anglo-Saxon or English-speaking people. Dr. Filian received much of his education in this country before he returned to Armenia, where he was considered dangerous by the Turk. The charge that he was trying to overthrow the Turkish government and establish a republic after the fashion of America he denies, and his present work in this country is solely along the lines of religious advancement of his people who fied their native land.

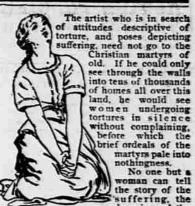

Independence News Notes. John McCoy left last evening for Chilli-cothe, O.

The school board will hold a meeting Tuesday night. M. H. Sturgis is taking a course in optics at the Southwestern Optical college.

'The Young Ladies' Club, of the Forest cream social to-night. A musical pro-gramme will be rendered.

No one but a woman can tell the story of the suffering, the despondency endured by women who carry a daily burden of ill-health and pain because of disorders and derangement of the delicate and important organs that are distinctly feminine. One of the worst distinctly feminine. One of the worst effects of troubles of this kind is upon the nervous system. The tortures so bravely endured completely and effectually shatter the nerves. Dr. Pierce's Favorite Prescription is an unfailing cure for all weakness and disease of the feminine organism. It makes it strong and healthy. It allays inflammation, heals ulceration and soothes pain. It checks exhausting drains and tones and builds up the nerves. It fits for wifehood and motherhood. Good medicine dealers sell it and have nothing medicine dealers sell it, and have nothing "just as good."

"just as good."

"Since my last child was born, thirteen years ago, I have suffered from uterine trouble," writes Mrs. Paul Devraine, of Jellico, Campbell Co., Tenn. "I consulted several doctors and took much medicine, but found no relief. I had very bad health for twelve years. Every month I was in bed a week before the monthly period and a week after. I was obliged to keep in bed for four months last summer. I was just like a corpse. I lost twenty-six pounds in four months. I was coughing so much I was considered in consumption. I suffered severely from pains in my back, bearing down pains in the womb, chills and cold sweats. After taking four bottles of Dr. Pierce's Golden Medical Discovery my coughing stopped, and after six bottles of Dr. Pierce's Favorite Prescription my periods became regular and were passed without pain. Now I am fleshy, more so than ever before. My neighbors are surprised to see me in such good health after having seen me so low."

Constipation causes and aggravates many serious diseases. It is speedily cured by Dr. Pierce's Pleasant Pellets.
